February 2009 Meeting

Minutes of Jan. 9, 2009 Meeting

The meeting was called to order by Elaine Johnson, President, and there were 16 members present. We had a new member present: Marilyn Klag.

Elaine spoke regarding the points that were covered in the Executive meeting prior to the regular meeting:

the membership seems to be content to come to the meetings, share information and have Show & Tell and Yarn Swaps. Insofar as having a program/workshop, the consensus seems

1. Our venue, meeting place: She has called around and checked several places and the only one that “might” be viable would be the Marin Art & Garden Center. She will call them again and see if it is possible and report back to the members.
2. Future of the

to be that it is more attractive for that to happen within one of the regular meetings rather than rent another location and have/pay someone to come and do that for us.

- Guild: How do we attract new members. It is clear that we all must be “ambassadors” and do what we can to spread the word and encourage new membership.
3. Programs: At the moment, we do not have a Program Chairman and it appears that

4. There was a lengthy discussion regarding payment/reimbursement for members of the Guild if they were asked to provide us with a program/workshop during one of our

BEGINNER

“Seeing a pattern doesn’t mean you know how to put it all together. Take baby steps: don’t focus on the folks whose skills are far beyond your own. When you’re new to something—or you haven’t tried it in a while—it can feel impossibly hard to get it right. Every misstep feels like a reason to quit. You envy everyone else who seems to know what they’re doing. What keeps you going? The belief that one day you’ll also be like that: Elegant. Capable. Confident. Experienced. And you can be. All you need now is enthusiasm. A little bravery. And—always—a sense of humor.”

regular meetings and that anyone brought in other than a member, would be paid.

5. We were unable to vote on a “policy position” since we did not have a quorum present and there was NO consensus within the group present. Elaine’s position is that: “In general, a member providing a

workshop within the context of our regular meeting would NOT get paid. Other members present strongly disagreed and therefore no policy is in place at this time.
